- (1) Efectis France is accredited according to FLEX 2 level that allows self - declaration of standards when the standard includes all the accredited technical competences. The (x) standards can be added when necessary
- (2) Efectis has got a total of 13 fire resistance furnaces from 1m³ to 150 m³
- (3) Efectis is able to perform many others ad hoc tests from small scale with additional measurements (FTIR, RHR,...) or large scale tests (in and out doors)
